

New HelpDesk SupportLine

As part of the HelpDesk experience on wichealth.org, we're excited to announce that we now have a HelpDesk Support Line, which can be reached toll free at:

1-855-411-0233

While participants can continue to submit HelpDesk tickets through wichealth.org, they can also now call the support line to speak directly with one of our customersupport representatives.

Please feel free to share this HelpDesk Support Line with participants in your office. We hope adding this option will continue to allow us to provide exceptional service to all participants on wichealth.org.

Healthy regards,
Your wichealth.org Team
